March 29, 1991

TO: Minerals File

FROM: Holland Shepherd, Senior Reclamation Specialist *HS*

RE: Site Inspection, Happy Jack Mine, Atlas Minerals, M/037/024, San Juan County, Utah

Date of Inspection: March 21, 1991,
Time of Inspection: 5:00 - 5:30 p.m.
Conditions: Cold, wet, muddy
Attendees: Tony Gallegos and Holland Shepherd, DOGM

This inspection was made to check the status of the site. The Division has been contacted regarding pending site reclamation and permit transfer. We visited the site to see if any changes had occurred yet.

The site has not changed since the last inspection, except to say that more deterioration has occurred. It has been inactive for many years. A large amount of junk remains onsite, the adits/portals are uncovered and deteriorated and unsafe. The site remains largely unvegetated.

A conversation later with the future owner established the dates of April 21-24, 1991, for reclaiming the site.
